

HIGHLAND RECORDER.

Terms, \$1.00 a Year in Advance.

Issued every Friday evening by
W. H. MATHENY,
EDITOR AND PUBLISHER.

Entered at the Monterey postoffice as
second class matter.

Monterey, Va., Friday, Aug. 29, 1903

A Pertinent Query.

Ed. Highland Recorder:
Your Highland readers appreciate your publication of the recent road letting, by the Board of Supervisors of the county, and will you not give us in your next issue a little more information on this subject?

Please give us, in addition to the number of each section, and the contract price, as in your last issue, the number of miles in each section, so that we may make some calculations, and especially are the roads in each district kept under the same specifications?

Blue Grass must have many miles less of road than Stonewall and yet her contractors get more pay than the Stonewall contractors. We want data to figure it out.

The above request is a reasonable one, and the information asked for should be in possession of the taxpayer, but the number of miles in each section can not be obtained from the Clerk's office, and we will have to call upon the road commissioners of the three districts to furnish it, that we may give it a place in these columns.

A Frank Candidate.

Here is an unique announcement of candidacy for office which appears in the Kiowa "Sentinel":

"In announcing myself as a candidate for Register of Deeds for Kiowa county, subject to a decision of the Republican County Convention in September, I do not do it at the earnest request of a large number of my friends, nor has there been a delegation of the most prominent citizens of the county waited on me and drank my whiskey and smoked my cigars and urged me to allow my name to come before the convention as a candidate believing that I was the only man who could be elected—none of this has happened. I have worked it up myself.

"In fact, it is a self made boom. I am getting a little too old to farm and a little too ambitious to be thrown in the waste basket, and would like a couple of years' of office rest, just to see how loafing around the county seat feels to an old man."—Kansas City Journal.

Highland Furnishes Sacrifice for Jewish Feast.

The 1,800 pound Hereford bull taken from Mr. L. H. Stephenson's herd and shipped last week by Mr. S. A. Porter, was made choice of as the sacrifice for a Jewish feast at Philadelphia.

Mr. Porter says after a most thorough and careful examination the animal was found to be without blemish and in every way suited for the purpose of their feast.

He saw the animal killed which was accomplished by a man with a long knife, who at a single stroke almost severed the head from the body.

Rev. W. T. Price Visiting Highland.

This reverend gentleman, after an absence of twelve years is again visiting Highland, the county in which he lived for several years shortly after the civil war, and is favoring the people with bible lectures, at different points.

Mr. Price says many improvements are noticeable in Monterey and throughout the county, since his last visit here twelve years ago, which was the occasion of a meeting of Presbytery, but there is one thing he finds that has not changed and that is the water in the town spring. He finds it as clear, as cool and as sparkling as when he drank of it forty years ago.

Mr. Price considers that this water contains valuable medicinal qualities and believes them to be chalybeate and magnesia, which combination he declares is an unexcelled panacea.

In summer climate, beauty and general natural advantages that attribute to health, he is of the opinion that no country has better to offer.

Look Pleasant, Please

Photographer C. C. Harlan, of Eaton, O., can do so now, though for years he couldn't because he suffered from indigestion from the worst form of indigestion. All physicians and medicines failed to help him till he tried Electric Bitters, which worked such wonders for him that he declares they are a rod and a staff to sufferers from dyspepsia and stomach troubles. Untried for diseases of the stomach, Liver and Kidneys, they build up and give new life to the whole system. Try them. Only 50c. "Guaranteed by K. H. Trimble, druggist."

Opticians Banquet.

The first annual meeting of the Virginia State Optical Association convened at Norfolk last week, the most prominent opticians of the state being present.

Mr. H. L. Lang of Staunton, whose reputation as an optician has extended beyond the limits of his own city and county, was honored with the presidency of the organization.

Literary Notes.

Richard Le Gallienne will add to his many noted literary criticisms a review of the life and work of Stephen Phillips, the young English writer whose poems and dramas have added new laurels to English literature, which will appear in October "Success." Mr. Le Gallienne visited Mr. Phillips in London specially for "Success."

"How American Captains of Industry are Made" will be contributed to the October "Success," by Professor Robert H. Thurston, of Cornell University. He will describe the process by which a modern young American is made a practical man of the times.

It Seems Strange.

Just as the dry weather here has gotten its very driest and is being most talked of, we get a letter from W. Jay Simmons, one of our subscribers at Grundy Center, Iowa, stating that it is quite wet there, that small grain is rotting in the shock, and but little threshing has been done. He adds that their corn will be good if frost keeps off long enough, however they had a light one on the 11th of August.

Can't Leave the Store.

Little May in discussing the hereafter said:

"Mama will you go to heaven when you die?"

"Yes, I hope so, Child."

"Well I hope I'll go too or you will be lonely."

"Yes I hope your papa will go too."

"No, papa can't go; he can't leave the store."—Exchange.

MRS. L. S. ADAMS.

Of Galveston, Texas.

"Wine of Cardui is indeed a blessing to tired women. Having suffered for seven years with weakness and bearing-down pains, and having tried several doctors and different remedies with no success, your Wine of Cardui was the only thing which helped me, and eventually cured me. I learned to build up the weak parts, strengthen the system and correct irregularities."

By "tired women" Mrs. Adams means nervous women who have disordered nerves, falling off of the womb, ovarian troubles or any of these ailments that women have. You can cure yourself at home with this great women's remedy, Wine of Cardui. Wine of Cardui has cured thousands of cases which doctors have failed to benefit. Why not begin to get well today? All druggists have \$1.00 bottles. For any stomach, liver or bowel disorder, Theodor's Black-Draught should be used.

LENSES.

In buying hats, gloves or shoes it doesn't make so much difference. If you get a bad article it will soon wear out, and you know better the next time. A bad lens will wear out nothing but your eyes; often without your knowledge. You cannot get new eyes. I believe that I am thoroughly informed upon all grades and quality of lenses. I am particular in buying to select only the very best that is made. Every pair of lenses that I sell undergoes a careful inspection and thorough test before leaving my hands. I am equally particular that lenses fit your eyes. It is to this that I give my most careful attention. I have a consulting room especially arranged and am thoroughly equipped for measuring every defect and selecting lenses especially adapted to your condition. A carelessly chosen lens is one hundred times worse than none.

Things We Like Best

Often Disagree With Us

Because we overeat of them. Indigestion follows. But there's a way to escape such consequences. A dose of a good digestant like Kodol will relieve you at once. Your stomach is simply too weak to digest what you eat. That's all indigestion is. Kodol digests the food without the stomach's aid. Thus the stomach rests while the body is strengthened by wholesome food. Dieting is unnecessary. Kodol digests any kind of good food. Strengthens and invigorates.

MERIT COUNTS.

IN January of this year we placed two of our LESTER PIANOS in the Lewisburg Female Institute. On July 22nd 1902, we received an order for six more of the same institution.

In a letter written February 20th, 1902, Dr. Telford the Principal stated that he liked the Lester Pianos we furnished better than any he had in the school. The last order proves that they continue to hold good. There may be other good Pianos, but they cost more money than we ask for The Lester.

Write for catalogue and prices, or call at our warehouses and see them.
